

Study in Offenburg

Welcome to Offenburg University!

This section contains information for students who plan to study at Offenburg University either as exchange students from one of our partner universities or as regular students enrolled in one of the international Bachelor's or Master's degree programs.

Students at Offenburg University benefit from the advantages of a smaller institution, with an excellent student-teacher ratio and personal attention from instructors. State-of-the-art media, electronic and mechanical laboratories and facilities, including WiFi access throughout campus, help students put their ideas into practice.

The University is known for its emphasis on practical skills and applied research, with close ties to the regional business community that includes many world-renowned companies.

The following services are offered especially to our international students:

- Accommodation services
- Buddy program
- Orientation events
- Summer language courses
- Cultural program
- Senior Service

International students from our partner universities and those who want to enroll in a German-language study program are supported by the **International Office**.

If you have any questions concerning one of the international Master's degree programs, the **Graduate School** team will be happy to assist you.

The Graduate School currently offers six international Master's degree programs:

- **Biotechnology (MBT)** 
- **Communication and Media Engineering (CME)** 
- **Enterprise and IT Security (ENITS)** 
- **Finance Risk and Insurance (FRI)** 
- **International Business Consulting (IBC)** 
- **Renewable Energy and Data Engineering (RED)** 
- **Process Engineering (MPE)**
